

The UW-La Crosse men's basketball program is looking forward to providing another excellent basketball opportunity. As the head coach of the UW-La Crosse Eagles, my staff and I are excited to be involved in our seventh year of the Junior Eagles basketball program and look forward to making this a great experience for everyone. It continues to be a thrill to work with young individuals and observe their growth as players and people over the years. Regardless of your experience level, we have a program that will fulfill your needs. We will place a premium on usable instruction and attitude development, while blending competitive play and contests. I want to personally invite you to participate in our Junior Eagles basketball program. Come join us for four Sundays of basketball fun!

Sincerely,

Ken Koelbl

UW-L Head Men's Basketball Coach
